General Information about Checksheet: Course offerings are subject to change and the availability of sufficient resources. Students should confirm course offerings in advance with their department. ¹Superscript and green color indicates the course is a **MINE core course for degree**. ²Superscript and beige color indicates the course is a **Pathways Concept Course**. Superscripted annotation (F, S, SI, SII) in credits column indicates terms when a course is expected to be offered.

Pathways to General Education (Pathways)

Consult the pathways courses table: <https://www.pathways.prov.vt.edu/about/table.html>. Pathways courses need to be completed prior to graduation

*Pathways 7 should be double counted with either Pathways 2, 3 or 6a to avoid taking any additional credit hours.

Change of Major Requirements: Please see <https://eng.vt.edu/em>.

Foreign Language Requirements: Students must have had 2 years of a foreign language in high school or one year at the college level (6 credit hours) of the same language. College-level credits used to meet this requirement do not count towards the degree.

Satisfactory Progress Towards Degree: Each student must meet the minimum University wide criteria as described for satisfactory progress and summarized in the Undergraduate Catalog (under Academic Policies -> University Policies Governing Enrollment -> Satisfactory Progress). After having completed 72 credit hours (including transfer, advanced placement, advanced standing, and credit by examination) a student must:

- Maintain an overall and in major GPA of 2.0 or better. (In-major GPA is calculated using all courses taken under the MINE designator)
- Have passing grades in MINE 2504, MATH 2204 and MATH 2214.

Statement of Hidden Prerequisites: Prerequisites for each course are listed after the course title. The (letter grade) notation, such as (C-), indicates the minimum grade students must earn in the pre-requisite course. There are no hidden pre-requisites in the program of study. Prerequisites may change from what is indicated. Be sure to consult the University Catalog or check with your advisor for the most current pre-requisites.

Graduation Requirements: Each student must complete at least 127 semester credit hours with a minimum overall GPA of 2.00 and a minimum in-major GPA of 2.00. In-major GPA is determined from all courses with MINE designator.

**B.S. in Mining Engineering
Technical Electives**

Courses with substantial duplication of courses taken previously will not qualify for credit. Independent Study (4974) and Undergraduate Research (4994) may not be used as electives.
